To
Mr. Anderson

*

THE STUDENTS, faculty, and staff are happy to take this official opportunity for pleasant regrets to wish a deep-felt message of farewell to Mr. Hugo Anderson, beloved teacher and friend of thousands of students and fellow teachers who have treaded the halls of our school for the past twenty-eight years. It is very difficult to say goodbye to someone who has grown to mean so much to us, but at the same time it is inspiring and agreeable to reflect on Mr. Anderson's happy graceful departure from thirty-seven years of steady, successful, dignified teaching life.

It was at Augustana University, in Rock Island, Illinois, that Mr. Anderson's teaching career began when he was still working for his Master's Degree. After teaching at various private schools he came to Atascadero in 1923 and stayed ever since, be-

cause his work and the community proved to be just what he liked.

His truest happinesses have always come as the result of joy in being among people. His optimistic view on things and an inability ever to become ruffled have also been direct factors in his amiable nature. Music, too, has always been one of his enjoyments, and Mr. Anderson looks forward to his birthday each year, when his daughter takes him down to Los Angeles to hear the Philharmonic Summer Operetta.

And so it is—with a mixture of sadness, joy, and myriad of thanks that we wish Mr. Anderson a bon voyage to new activities, and may a lovely gathering of fond memories and a certain peace in heart be with him forever.

Freshmen

The Freshmen culminated a happy first year at AUHS with a Campus Class Party (otherwise called a weiner roast). The party started with a game of baseball, which was never finished because everyone stopped playing to start eating. Carol Wilson, Paul Lindbergh, Dale Boriack, and Valerie Youngblood captained some of the teams that batted a ball around. Undoubtedly many Freshmen had nightmares later, consider-

ing the potency of mixing these items: loads of weiners, exhausting baseball, and the movie, "The Thing," which many went to see after the party ended at six p.m.

Officers for the year were: Jay Locke, President; Jerry Mattice, Vice-President; Shirley Huxford, Secretary; and Richard Radke, Treasurer.

Combined Chorus

The Girls' Glee Club and the Boys' Glee Club merged into one unit to render music for various program occasions, among which were the Christmas vacation assembly, the Fall Frolics, Senior Play night, and Public Schools week. The popular male quartet was made up of Bob Young, Joe

McCabe, Gene Dell'Anno, and Bill Young, all of whom gave up many lunch hours for rehearsals. During the Public Schools week program, both the combined chorus, singing spirituals, and the quartet were so roundly applauded that encores were loudly demanded.

Under the Baton

Having had only three days of practice, the AUHS band put on their uniforms and marched down to the depot, and fanfared the hometown National Guard unit off to Wisconsin. A most active musical season was begun, and practice sessions fell into a regular pattern of two class periods each week, besides every Tuesday night. The fall semester included such program activities as football games, Paso Robles Pioneer Day parade, the Fall Frolics, and the Long Beach Festival during the weekend following Thanksgiving. Playing for basketball

games called for the attention of the smaller "Pep" band at the start of the second semester. Later in the year the Full band performed for the Senior play, "Meet Me in St. Louis," and for the Public Schools Week program. Their last activity of the year was participation in the Fiesta de las Flores parade in San Luis Obispo. The thanks and respect of the school go to the AUHS band for the fine entertainment they have tirelessly given on so many worthy occasions.

Football in Review

In spite of great losses of promising varsity men to the Armed Forces, the Greyhounds made an impressive showing by playing clever, steady football in the 1950 pigskin season. They opened by overwhelming Gonzales 27 to 0. Returning home, however, they were defeated by San Luis Obispo 26 to 0. In their next encounter the Greyhounds changed the complexion of previous years' games with the King City Mustangs by being nosed out 24 to 19. Gene Estrada, though, sparked his teammates to a win over Lompoc by running 90 yards to one of the many touchdowns scored that day. Later, Coach Tom Burt

(former AUHS Assistant Coach) brought his Arroyo Grande charges under our lights to win 12 to 0. The Greyhounds closed their season with a thrilling 13 to 12 win over Lompoc on the Braves' own field. The season left the Greyhounds with 3 wins and 4 losses, though statistics never show the courage and spirit that are in back of the figures. Bucky Baird and Gene Estrada were chosen all-star members of the All-Central Coast Football Team, and at the Gals-sponsored football dinner, Bucky received the Most-Valuable Player award.

Gene Estrada side steps a Gonzales attacker as he makes a nice gain around right end.

Let it be known that the Future Farmers of America at AUHS think about other things beside their agricultural methods and projects. In the social realm of affairs the local chapter of FFA had its carefree times too. During the first semester there was the Rancho Frolics, a semi-formal dance held in the school auditorium, where wagon wheels and a wishing well were brought and constructed to give just the right western home-spun atmosphere. In February the annual deep-sea fishing party took our

Annual Co-op Quiz: Atascadero Chapter won the statewide contest with an aggregate score of 83.90%. Dean Kleck, who was second high in the state, was high man from Atascadero with 132 out of 150 possible points, lacking 1 point of tying for first place.

Annual County Judging Day: The Atascadero dairy and livestock judging teams went to Los Osos Valley, April 14th.

Salinas Valley Fair at King City: Among the many ribbons taken from the fair were a champion and a grand champion ribbon, won

future farmers out in boats off the shores of Morro Bay—an excursion which always has gone to prove that men of the soil have yet to develop sea legs. The boys, however, recuperated in time to have fun at the Parents-Sons banquet—a waffle supper at which the freshmen members did the baking. The club's officers for the year were as follows: Dean Kleck, President; Sam Cullen, Vice-President; Felipe Pacheco, Secretary; Jim Johnson, Treasurer; Roy Baro, Sentinel; and Richard Van Horn, Reporter.

by Richard Van Horn's Guernsey cow. Our Chapter also monopolized prizes in the Agriculture Mechanics department with their rope halters, saw horses, a hay feeder, a metal stepladder, repaired axes and hammers, and branding irons.

State Finals at Cal Poly: David Bacon was high-point man on the dairy judging team; and while Dean Kleck earned his way to top position on the livestock judging team, Roy Baro became high man on the shop team.

The Sadie Hawkins Day Dance, sponsored by the Sophomores, had the interesting feature that the girls were to ask the boys to take them to the dance. Many boys, however, did not wait for their girls' invitations, but simply asked

them first. It is certain that the girls did not mind. Officers for the year were as follows: Bud Stoltey, President; Pat Cooper, Vice-President; Bonnie Gates, Secretary; and Lorna Petersen, Treasurer.

Every Monday lunch hour was spent by the Executive Council in their governmental chores of discussing and acting upon the business of the week. A new office of Building and Grounds Commissioner was created, and Dean Kleck was appointed to it to see what could be done about additional neatness and cleanliness on the campus. Later a scheme of morning rest periods for the students was given a trial. An eight-minute break between the second and third periods was held, and everyone thereby

had a chance to take a mid-morning snack. The practice was discontinued, however, when it was felt that very little value or favor was being placed on the idea. A more regular activity of the Executive Council was the directing of campaigns for various charity contributions, to which the student body of AUHS has always warmly responded. It is agreed that this year's Council was very successful, primarily because of the enthusiasm and willingness to work on the part of its members.

The big social of the Girls' Athletic Society was the annual football dinner, which was attended by the football team, their parents, and members of the faculty and their wives or husbands. Floy Brown, as program chairman of the dinner, directed something novel in the way of entertainment . . . a talking pantomime. Carey "Bucky" Baird not only enjoyed the turkey and trimmings with the rest of the folks, but was given the added thrill of receiving the Most-Valuable-Player award for his spark-plug football playing during the season which had just

ended. A month after the dinner, the Lettermen's club showed their appreciation to the GALS by telling Barbara Harter, President of the GALS, to bring her club over for a bean feed. Another good time was had by all, and more and more of the girls at AUHS are eagerly watching the calendar, waiting for their four semesters of membership in the Girls' Athletic Association to roll to an end so that they too can be eligible to buy a sweater and become a member of the GALS.

Girls' Volleyball Champs

In becoming the championship volleyball team for 1951, Ann Falaschi's team rolled out a perfect score by winning all their ten games. Eleven teams made up the intra-

mural volleyball league, which occupies all the girls' athletic attention until it gives way to the baseball league that follows immediately.

"Classy Cagers" is a term very appropriate to our basketball men, who ended a most exciting season by adding two more trophies to our already well-filled cup case. The A's and B's were our big guns as they shot their way to top position in the Northern Half of the San Luis Obispo League.

The A's won eleven while losing seven, capturing their championship by beating the Shandon Outlaws 57 to 26. In their try for the entire San Luis Obispo Championship, however, they were stopped short by only four points at the hands of Santa Maria.

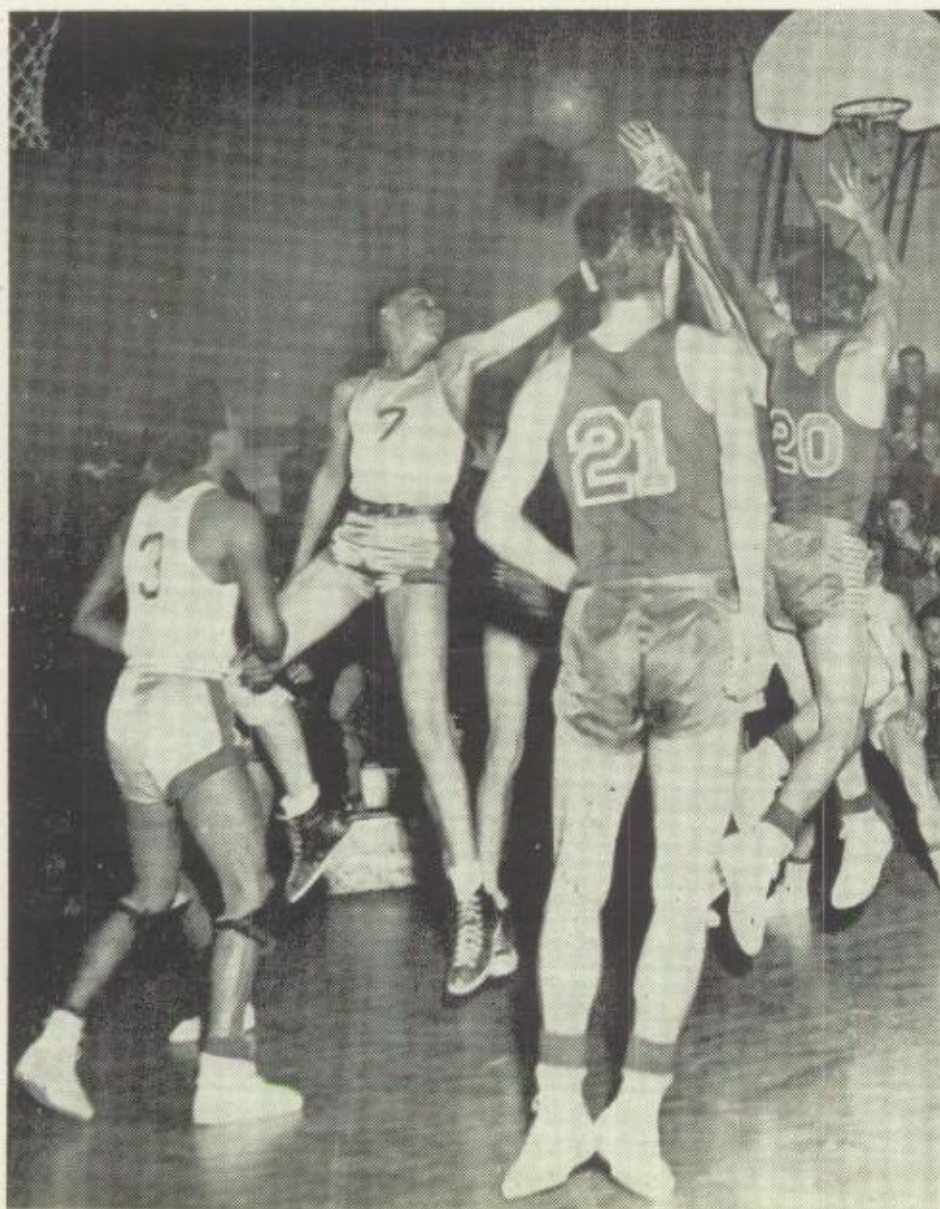

Averaging 41 points per game, the B's saw little trouble in recording twelve wins out of fourteen tries. Proof of their greatness is the fact that they lost to the all-powerful Santa Barbara Dons by only one point, 42 to 41.

Paso Robles was the Waterloo of our C team, who were expected by many to win the title this year. Nevertheless, if speed, spirit, and clever playing are any indication of first-class basketball, then our C's were a championship team, we'll all agree.

"Chief" Estrada (No. 3) and Richard Van Horn (No. 7) jump for a wild ball in the Paso Robles game.

Tommy Lawrence (No. 31) grabs hold of a high one off back board as Richard Van Horn (No. 7) and Larry Martinez come in to help.

With all the girls in the school as members, the Girls' League socials are always huge affairs. Just before Christmas they sponsored a formal dance in the gym. The Mothers' Day Tea in May had, as in past years too, an atmosphere of social propriety and grace. "Everything was done just so right," commented one visiting mother. The fashion show, which was a part of the tea, gave the girls in Miss Lambert's de-

partment an opportunity to model the professional-looking clothes they made during the year. Officers of the club were: Ruth Ann Freydl, President; Audrey Thiebaud, Vice-President; La Val Richardson, Secretary; Nola Cooper, Treasurer; Julie Summers, Rally Commission Representative; and Lorraine Parlet, Freshman Representative.

Juniors

Every year the Juniors at AUHS have always been the busiest class, as far as extra-curricular activities are concerned. This year the Juniors handled seven football and basketball concessions, sock dances, Tacky Day, and the Junior-Senior Prom, which was decorated in an oriental motif that included chinese lanterns, a center-floor garden, pagoda entrance, and a huge

colorful paper dragon. Among the many very industrious and dependable workers in these activities were: Nancy Goodrich, Charles Blundell, Nancy Simpson, Tommy Lawrence, Shirley Owen, and Bob Pierce. Officers for the year were: Tommy Lawrence, President; Bob Vawter, Vice-President; Nancy Simpson, Secretary, and Ann Falaschi, Treasurer.

Having just a handful of members from the very outset of the year, the journalism group were forced to work at an excited pace all year long in their efforts to publish regularly the **Hilltop News** and **Santa Lucia**. Thirteen regular issues of the school paper and a literary supplement were put out.

Busy with the Annual were Sharlie Peysar, Jean Venema, Barbara Carron, and Nancy Stoltey. Early in the spring the group took a field trip to the San Luis Obispo **Telegram-Tribune**, where they had an opportunity to see a medium-sized newspaper plant with its rotary presses in action.

Raising the money for a \$50 scholarship is the yearly service activity of the CSF chapter at AUHS. This year the members sold Christmas cards and held concessions and sock dances to provide the funds for an elected member to begin his higher education during the semester following graduation. Mary Ellen Dulaney, who is now attending Heald's Business College in San Francisco, was last year's scholarship winner. The election of this year's candidate,

however, has not yet been held as this book went to press. The organization's officers are newly elected each semester. For the fall they were as follows: Bob Pierce, President; Kenny Francis, Vice-President; and La Val Richardson, Secretary-Treasurer. In the spring semester Larry Oglesby was President, and David Gilstrap and Diane Ashbaugh were Vice-President and Secretary-Treasurer respectively.

In December some of the girls joined the Hi-Y on a bowling party at Paso Robles. Liking the mixed-group idea, they teamed up again with the Hi-Y for a Pismo Beach skating party.

Officers of the year were: Irene Baro, President; Bonnie Gates, Vice-President; Kay Henderson, Corresponding Secretary; Doris Acuff, Recording Secretary; and Lorna Petersen, Treasurer.

This year Hi-Y activities concentrated on sports and socials. Reverend Isbell, as Guest Speaker at the first of the year, told the Combined Y that pitching in "to do an earnest job of living and mixing it with laughter" was the thing we were all trying to do but not realizing it as a rule. As the season progressed, Jimmy Dodge, Sports Chairman of the club, accepted several invitations from the Grammar School Y to have basketball and baseball games between the two Y clubs. Even though the Hi-Y won all of these games, the Gra-Y teamsters played so cleverly that each meeting was no little contest. To raise

money for the club's funds, a "movie night" was held in January. Following a "table-game night" in February, a skating party, to which the Tri Hi-Y was invited, was held in Pismo Beach. The activity that will probably be remembered longest was the Paso Bowling Party, which was the first bowling experience of half the shrieking participants.

Officers were: Sam Cullen, President; Gail Edgar, Vice-President; Dudley Parrish, Secretary; and Dan Cullen, Treasurer.

The purpose of the Block A club is to promote sportsmanship, citizenship, and develop a sound mind in a healthy body. The club's motto is, "To promote sportsmanship at all times." In order to win a block A and become a Lettermen club member, a boy must not only meet C.I.F. requirements but also be accredited with having participated in a certain percentage of varsity sports. Stars above the arm stripe indicate the seasonal team captains. Appropriate emblems indicating the sport for which

the letter is granted are used to distinguish between the sports.

A social activity sponsored by the club at the beginning of the year was a bean feed, which was attended and enjoyed by members of the faculty, staff, and club. (The Mexican chili sauce, it may be added, was so piping hot that banqueters cooled their mouths with steaming coffee.) Later, the Lettermen put on a bean feed for the Gals.

Rally Commission and Yell Leaders

Rally Commissioner Denise Wilkins, getting hold of some new collegiate yells and then trying them out on the student screamers from her position as yell leader, sparked the "rah-rah" department through a year of flushed faces and sore throats (how those rooters' buses did ring from the noise, especially going through towns).

Nola Cooper and Harvey Dahman made up the rest of the twirling trio who jumped and clapped the cheering section into volume and unity. It is wondered, however, how many years Harvey will stay limber enough to continue the acrobatics he used to do while cheer-leading.

1. Sue and "Halo," still together.

With a healthy batting average of .560, Tommy Lawrence helped belt his teammates to six victories out of a nine-game schedule. The Greyhound Nine won their first game, from Cambria, to the tune of 8 to 4. Then after losing to the Paso Robles Bearcats 21 to 7 (the wind was against us), they downed the Shandon Outlaws 13 to 2 and shutout 9 to 0 the boys from Templeton. Trying for their third straight win,

the Greyhounds were nosed out by the Bearcats again 18 to 8. One more loss aside — this time to Cambria — and the Greyhounds finished the season winning the rest of their games: the town team by 2 to 0; Shandon 18 to 5; and Templeton 5 to 4. Classy fielding honors go to Rollin Mattice, who made some catches to write home about, out there in center field.

1. They keep things running smoothly.

Senior Trophery

The odor of incense and exotic perfume filled our nostrils as we entered the tent of the fortune-teller. The lights were dim, and we were unable to distinguish the features of Madame Swami. As she looked into her crystal ball, a frown passed over her face, and she began to speak.

"I see many men and women that have meant something to you at one time. For instance, I can see a tall young man in a gym suit, giving instructions to several men. He is the well-known founder of the VAN HORN 'Muscle Building Course.' He has just recently hired two of his former classmates to model for him. They are none other than the two candidates for the Mr. America title, MARVIN ASHBY and CAREY BAIRD."

"Many of your friends are to become famous and wealthy. I can

see a very beautiful woman, with a friendly smile, who is now America's highest paid model. The name on her hat box is BETTY TYLER. She is walking past a building that bears the following words in large neon letters, DANNY'S NITE SPOT, owned and operated by DANNY MARTINEZ and HENRY MOLINAR. The marquee also states that the head chorus girl is none other than our friend and classmate, DORIS ACUFF. Next to this night spot is a small, modest news stand. It is operated by a hard-working individual trying to sell books. He is working industriously to sell one of his own—"How to Write Love Notes," by DONALD WALLACE. Other best-sellers are: "How to Hook a Man," by NOLA COOPER, and "Set Your Own Standards," by LAVONNE FINCH. Around the corner from this little news stand is a very modern beauty shop, which is the property of SHARLIE PEYSAR, whose advertising slogan is: "We feature the "Tried and True Method" for

Senior Trophoeey (continued)

all cases.' Her chief operators are ZANE DODD and JEAN PASQUILL, who specialize in dyeing hair as red as their own, and BETTY LOU OSTINI, who has discovered a method for straightening hair."

"Several of your high school chums will return to Atascadero and some to AUHS to teach, such as BARBARA CARRON, who has taken over the government classes, and GERRY HARMS, who has taken charge as the teacher of the commercial classes. REXENE BOCKEMUEHL is still in town, and is running a very successful business, 'The Atascadero Date Bureau for Lonely Paso Boys.' JEAN VENEMA is also around; she and SHIRLEY MACK are having a great time throwing Hadaool Parties for the underclassmen. DENISE and BOB WILKINS have taken over their father's photography studio, and are still having a rough time with the Annual staffs. DICK LOOMIS has opened up his own interior decoration company, guided by his experience with the Senior Play Set. The PARRISH & HAWKINS Circus is in town, and with it are quite a number of former students. DANNY EPPERLY is the Tallest Midget; DON FREEBORN is a midget-auto racer; ALBERT YOUNG is appearing in the side-show (he dedicated his life to the stage). BILL ROGERS is now owner of Acheson Academy and has turned it into a girls' school, to be different. BONNIE SIMPSON has also invested her time and money into something valuable, a riding academy for Poly boys, while PAULINA VILLA has her own sewing shop. Paulina specializes in models similar to the pink one she made in homemaking."

"I can see two men and a sailor talking on the corner of Traffic Way and Main Street. They too, are former chums of yours. Looking closer, I see that the sailor is ROY BARO. The other two men

are none other than JOHN ARNOLD, who is now supporting his wife and seven children on his huge Pozo ranch, and WAYNE VAUGHN, the largest rancher in the Garden Farms. A marine just crossed the street and is now talking to them. Believe it or not, it is ROLLIN MATTICE. He joined because they needed men of stature and brawn."

"Quite a number of your class chums have become well-known in the society circles. 'Dangerous DAN' FOULK and 'Lawless RICHARD LAW' are being televised every Tuesday night, as they appear before the Kleck Investigating Committee, headed by Senator DEAN KLECK, from Atascadero. The chief issue of last week's meeting was the disclosure of fraud in the case of RUTH ANN FREYDL'S diet. It was found that Foulk and Law had sold a gaining diet at the price of the reducing diet, and it has caused a nation-wide investigation. JULIE SUMMERS also appears regularly on television with her famous set of campaign speeches and slogans. Miss Summers is currently running for the vice-presidency, and is supported by the members of the McKelvey Institute, owned and operated by RAYMOND MCKELVEY. JEAN GATES is also a member of our working government. After her experiences in school, with money, Miss Gates has worked her way right into the position of Secretary of the Treasury."

It looks as if that takes care of our future and the futures of our classmates, so, as we are about to leave, and still being very curious as to Madame Swami's identity, we ever so gently lift her veil. Shock of shocks! Madame Swami is none other than our beloved classmate LA VAL RICHARDSON. This, being too much for anyone to stand, we leave you to go on to the next item in this annual.

"This family out to be run out of town on a pike," is the sum of what the irate conductor (played by Mr. Wallace) shouts as he carries in a rag dummy that had been used by one of the mischievous Smith children to derail his trolley in the Senior Play, "Meet Me in St. Louis." Looking at him in fear and wonder are, left to right: Barbara Carron (Tootie), Gary Blomgren (Mr. Smith), Barbara Fink (Mrs. Waughop), Sharlie Peysar (behind Barbara and in the role of Mrs. Smith), Dan Faulk (Lon), Shirley Hodgkin (Esther), Ruth Ann Freydl (Agnes), David Gilstrap (John Shephard), and Denise Wilkins (Rose).

The setting of the play was 1904 in St. Louis, from where papa was to take his happily settled family to New York and a higher paid job. The girls in the family just could not bear the thought of leaving their boy friends and the great St. Louis World's Fair. In desperation to stay, they attempted and succeeded in getting papa fired from the job he was to take in New York by illustrating to his employer that he couldn't even manage his own family. High point in the action came when Tootie bit the employer, Mr.

Dodge, on the leg and the older girls beamed him with a bag of water.

Members of the cast not shown on the picture and the cast of the previous night's performance are as follows: Donald Wallace, Dan Epperly, Floy Brown, Zane Dodd, Betty Moore, Betty Lou Ostini, Julie Summers, Rexene Bockemuehl, La Val Richardson, Kathleen Wentz, Betty Jean Tyler, Sam Hawkins, Ann Falaschi, Elaine Hungerford, Shirley Owen, Albert Young, and Larry Oglesby. The prologues were spoken by Lynn Dell Rogers and Virginia Colvin.

The Dramatics class had been active previous to this occasion in the Fall Frolics, when two one-act plays were presented: "Commonwealth vs. Forrest," a courtroom trial about mercy killing, and "Package for Ponsonby," a comedy of country-store people. For all these performances the AUHS Band and Combined Chorus were present to provide the musical phase of the programs. Play Director was Mr. Derby Wallace, assisted by Mr. Robert Antal.

Girls Athletic Association

Nola Cooper, Recorder for the Girls' Athletic Association, put in a busy season keeping official tallies on the many inter-class girls' sports contests: basketball, volleyball, and baseball. Proof of the liveliness and congeniality in the organization is the fact

that most of the girls who have gone on to earn membership in the GALS still continue their activities in the Girls' Athletic Association. This year's president was Nancy Simpson.

Softball Soxers

Because of the impossibility of scheduling inter-class baseball games, the girls interested in baseball have always been unable to participate much in this sport. Playing the game during the short noon hour resulted in unended contests almost every time; even so, the girls managed somehow to complete a few games. Some of the active teams were: Betty Jean Tyler's, Elaine Pimentel's, and Gloria Martinez's. Shown in the picture is a group of softball enthusiasts representing all the teams.

Starting right off with flying colors, this year's track squad showed their fine speed and prowess on the cinders and in the sand pits by placing second only to Santa Maria in the Memorial Track Meet in April. On May 5th at a League meet for eventual qualification in the Southern California Finals held in Long Beach, fifteen of our trackmen qualified for the quarter finals that were then held on May 12th at Carpenteria. Six of our boys at Carpenteria placed for running in the Bell Garden semi finals;

they were Dan Epperly (high jump), Harvey Dahman (1320 yard run), Gene Estrada (high and low hurdles), Glenn Locke (shot-put), and Jesse Hernandez and Kenny Reyburn (660 yard run). One trackman—Gene Estrada—got to the finals in Long Beach, where he came in fourth out of eight hurdlers. Cheers and thanks are certainly in order to our trackmen, who have helped spread the name and fame of AUHS even farther in Southern California.

2. Zane is aging, thanks to Nola.
